# Answer on Question #41183 – Chemistry – Other

Question:

If 1.50g g of A reacts with 1.75g g of B what is the mass of C

Solution:

A + B = C

Mass of C will be sum mass of A and B

m(C) = 1.5g + 1.75g = 3.25g

Answer: 3.25g
