

## Answer to Question #51581, Chemistry, Organic Chemistry

Will Iron react with lead II oxide? if so what is the balanced equation for the reaction?

What are the individual oxidative states for each of the elements in the following substances?

$\text{Li}_2\text{O}$

Pb

$\text{PF}_5$

**Answer:**

$\text{Li}_2\text{O} - \text{Li}^{+1} \text{O}^{-2}$

Pb -  $\text{Pb}^0$

$\text{PF}_5 - \text{P}^{+5} \text{F}^{-1}$
