

## Answer on Question#62874 – Chemistry – Organic chemistry

**Question:** what is the beginning product of when reacted with tert-butoxide/tert-butanol created a final product of 2-methyl-hex-2-ene?

**Answer:** 2-methyl-hex-1-ene

Tert-butoxide/tert-butanol leads reaction to two products, where 2-methyl-hex-1-ene is major 2-methyl-hex-2-ene is minor.
