

Answer on Question #76156, Chemistry / General Chemistry

Question:

_____ states that when two or more ideal gases are mixed together, the total pressure of the mixture is equal to the sum of the pressures of each individual gas.

- A. Boyle's Law
- B. Charles's Law
- C. The Combined Gas Law
- D. The Ideal Gas Law
- E. None of the Above

Answer:

E. None of the Above

(This is Dalton's Law)
