

Answer on Question #83728 - Chemistry - Physical Chemistry

Question:

Which compound in this chemical equation indicates that the reaction is a precipitation reaction?

A.

NaOH

B.

MgCl₂

C.

NaCl

D.

Mg(OH)₂

Solution:

In this reaction the sediment is – Mg(OH)₂.

So correct answer is D. Mg(OH)₂.

Answer: D. Mg(OH)₂.
