x+2 = 0
0*y = x+2
y = (1/0)x +2/0
k=1/0 - undefined slope
y-intercept = 2/0 - undefined y-intercept
Answer: undefined slope and undefined y-intercept

y = 3
y = 0*x + 3
slope - k = 0
y-intercept - 3
Answer: slope = 0, y-intercept = 3
