

Answer on Question #37704– Programming - C++

```
#include <iostream>

using namespace std;

int main()
{
    int lArr[10];
    for(int i = 0; i < 10; ++i)
    {
        lArr[i] = i + 1;
    }
    for(int i = 0; i < 10; ++i)
    {
        if((lArr[i] % 2 == 0) && ((i+1) % 2 == 0))
            cout << lArr[i] << " ";
    }
    cout << endl;
    return 0;
}
```
