

Answer on Question#38039- Programming, C#

1. Which class of .NET Framework should Hayley use to enable Sharon to view the file extension of the stock details file? Describe any four properties of the selected class.

Solution.

```
using System.IO;

Console.WriteLine(File.LastAccessTimeUtc(@"E:\michael_jackson__earth_song.wmv"));

Console.WriteLine(File.AccessControl(@"E:\michael_jackson__earth_song.wmv"));

Console.WriteLine(File.CreationTimeUtc(@"E:\michael_jackson__earth_song.wmv"));
    Console.WriteLine(File.Attributes(@"E:\michael_jackson__earth_song.wmv"));
```
