

## Answer on Question#39338 - Programming - C++

```
#include <iostream>
using namespace std;
int main(){
    int columnsAmount=0, rowsAmount=0;
    cout<<"User, please enter the amount of rows you want to be drawn in a multiplication
table:"<<endl;
    cin>>columnsAmount;
    cout<<"Thanks!";
    return 0;
}
```
