

```
#include <stdio.h>

#define HOURS_COUNTER 60

int main() {
    int hours = 0;
    int minutes;

    printf("Please input time in minutes\n");
    scanf("%d", &minutes);

    for (; minutes >= HOURS_COUNTER; minutes -= HOURS_COUNTER, hours++);
    printf("%02d:%02d\n", hours, minutes);

    return 0;
}
```
